Tick each box when you finish!

- ☐ Find and play **Middle C** — five times!
- ☐ Say “**C, D, E, F, G**” out loud while playing each white key in order.
- ☐ Play your favorite piece all the way through.
- ☐ Hum along while you play a line — make it sing!

Note-naming answers (left-to-right, row by row):

1. C 2. E 3. G 4. D 5. F
6. E 7. C 8. G 9. F 10. D

Target practice time for age 6–8: 10 minutes per day, 5–6 days per week. Consistency beats duration at this stage.

If the child struggles with note-naming: Use treble-clef mnemonics. Lines (bottom to top): “Every Good Boy Deserves Fudge” — the first letter of each word is a line name (E, G, B, D, F). Spaces (bottom to top): F–A–C–E. Work on one line or space per practice session.

If the child gets bored at the piano:

- Skip to the “hum along” task first — it’s the most playful and builds musicality.
- Try duets: you clap a steady beat while they play the notes.
- Use stickers instead of ticks on the practice-day boxes for extra motivation.
- Celebrate effort, not perfection. Every ticked box is a win.
